

# Research WORKS!

## 2016 Research Week Schedule

<b>Day 1 – Celebrating our Research Accomplishments</b>			
18-April	12:00-12:30pm	CARE Atrium	Opening Ceremony
	12:45-1:45pm	HSL Rooftop	Health Research Rising Star Awardee Luncheon
	1:30-2:30pm	CARE Atrium	Poster presentation: Spotlight on Cincinnati Veterans Affairs (VA) Medical Center Research
	4:00-5:30pm	MSB E-351	“More COX than Clocks; Adventures in Translational Science”-Garret FitzGerald MD, FRS (Chair of Pharmacology U Penn, CTSA PI)
<b>Day 2 – Research Works: Improving Health Together</b>			
19-April	8:00-9:00am	MSB 5051	“The Social Context of Health: A Tale of Two Americas- Separate and Unequal”-Victor Garcia MD, FACS, FAAP (Founding Director of Trauma Services, CCHMC)
	9:30-12:00pm	S Auditorium, CCHMC	Infant Mortality Symposium: featuring Dr. Arthur James, Dr. James Greenberg, Dr. Michal Young, and April Griffin
	12:00-1:00pm	MSB 5051	“Clinical Application of Pharmacogenomics in Mental Health”-Bryan Dechairo, PhD (Senior Vice President, Medical Affairs and Clinical Programs)
	1:00-2:00pm	MSB 5051	“Successes and Challenges of Community-Based Research Partnerships”- CCTST Community Health Grant awardees
	2:00-4:00pm	CARE Atrium	Poster presentation: Engaging the Community to Improve Health
	2:00-3:30pm	MSB 5051	“Hilbert’s 23 Unsolved Problems in Mathematics, and a Research Agenda for Emergency Medicine”-Jeremy Brown, MD (Director of the Office of Emergency Care research, NIH)
<b>Day 3 – Innovation, Entrepreneurialism and Technology</b>			
20-April	8:00-9:00am	Kresge Auditorium	“Synergy – How Cancer Centers Support the Tripartite Mission”-George Weiner, MD (Director of the University of Iowa Cancer Center)
	9:30-12:00pm	CARE Atrium	Expo: Innovation, Entrepreneurialism and Technology
	12:00-1:00pm	MSB 5051	“Wearable Tech 2.0: Using Sweat to Continuously Measure What Is Happening Inside the Body”-Jason Heikenfeld, PhD (University of Cincinnati engineering professor, CSO & co-founder of Eccrine Systems) and “Synthetic Biology: Driving Powerful New Therapeutic Paradigms”- Tom Reed, PhD (graduate of UC, Founder and CSO of Intrexon) Award Presentation: Dr. Dan Hassett
	1:30-3:30pm	MSB E-351	Shark Tank
	4:00-5:30pm	Kresge Auditorium	“Assisted Circulation Perspectives: Origin, Status, and Prospects”-John Watson, PhD (University of California-San Diego, Galletti Scholar)
<b>Day 4 – Impacting Health across Lifespan</b>			
21-April	8:00-12:00pm	MSB 5051	Symposium on Impacting Health across Lifespan
	12:00-1:00pm	MSB 5051	“Race/Ethnicity and Translational Medicine: the Power of Diversity”-Dr. Keith Norris, MD, PhD (University of California Los Angeles, Co-Director of the Community Engagement and Research Program)
	1:30-4:00pm	MSB E-255	Graduate Student Symposium: Community-Student Partnerships
	2:00-4:00pm	CARE Atrium	Undergraduate Poster Session

**Day 5 – The Interface between Practice and Research**

22-April	8:00-9:00am	MSB 5051	“The Ron Receptor: A New Molecular Target in Prostate Cancer”-Susan Waltz, PhD (University of Cincinnati Cancer Biology Department) and “Role of transcription factors in progression of prostate cancer”-Tanya Kalin, MD, PhD (UC Department of Pediatrics, Associate Professor)
	9:00-12:00pm	5/3 Arena	Presentations of Research and Innovative/Scholarly Endeavors (PRaISE)
	9:30-11:30pm	CARE Atrium	Poster presentation: Cancer Prevention, Detection and Treatment
	9:00-1:00pm	UC Campus	High school student tours
	12:00-3:00pm	5/3 Arena	Undergraduate Research, Scholarly Endeavors & Creative Practice (URSC) and PRaISE
	12:00- 1:30pm	MSB 5051	Hutton Ethics Lectureship: “Far from the Bedside: Is Consent Necessary for Research with Biospecimens?”-Jeff Botkin (University of Utah, Chair Secretary’s Advisory Committee on Human Subjects Protections)

Agenda March 11, 2016

- Review Schedule
- Call for Volunteers- (Sign-Up Genius Link)
- Discuss Strategies for Advertising Events
- Website and App Update
- Follow us on Twitter! @UC\_COMResearch #ResearchWeek
