## ORDERING INSTRUCTIONS FOR USING THE SAC RESEARCH ANIMAL F&B BPA

### **1. Background:**

1.1 In December 2014, the Strategic Acquisition Center (SAC) established a Blanket Purchase Agreement (BPA) with Harlan Laboratories, Inc. This guide is intended to simplify the rules for solicitation and ordering so the benefits of using the BPA can be realized.

1.2 A class justification and approval (J&A) has also been issued for certain research animal F&B provided by Purina, Bio-Serv, Dyets Inc., The Andersons, NEPCO, Fibercore, PJ Murphy, Shepard Specialty Papers, Biofresh, Ancare, and Innovive. When purchasing animal F&B listed in Appendix A, VHA ordering offices may use the Class J&A as justification and approval for other than full and open competition. When ordering the products covered by the J&A for these vendors, normal station acquisition procedures will be followed, but the Class J&A is valid for agency contracting purposes.

### **2. Compliance with FAR:**

2.1 Since the BPA was awarded in accordance with Federal Acquisition Regulations (FAR) 13.303, the process for placing orders must be consistent with the procedures outlined by FAR 13.303-5 and Department of Veterans Affairs FAR Supplement (VAAR) part 813. The BPA issued to Harlan Laboratories, Inc., was issued on a sole source basis and competition of orders placed against the BPA is not necessary. A J&A has been approved for this BPA. The requirements of 5.102(a)(6) apply to orders placed against the BPA including the requirement to post the brand-name justification or documentation as needed.

Orders placed against this BPA are not required to be set-aside for small business or other socio-economic status vendors since this is a sole source BPA and Harlan Laboratories, Inc is a large business

2.2. When using the authority of the Class J&A, all FAR requirements that apply to the dollar threshold of the purchase must be followed.

### **3. Developing Your Requirement(s):**

All market research and all acquisition planning required must be accomplished as usual. Any local requirements applicable to your office must also be followed. Once the type of food and bedding required is known, follow the ordering procedures below.

### **4. Ordering Procedures**

#### **4.1 Instructions to BPA Users:**

The purpose of the research animal F&B BPA is to provide VA Offices and Facilities with a means of obtaining specific Harlan Laboratories, Inc. F&B listed in Appendix A and B.

Orders placed against this agreement are limited to the Simplified Acquisition Threshold (SAT), however Ordering Officials may place an order against this agreement in excess of the SAT up to \$6.5M as long as the Test Program for Certain Commercial Items under FAR Subpart 13.5 is in effect. Ordering Officials shall validate the SAT limitation and whether the Test Program under FAR Subpart 13.5 is in effect prior to placing any orders.

Individual VA facilities shall issue BPA Orders to the contractor which shall indicate the specific items ordered, item quantities, and all necessary delivery and payment procedures. Any individual who has ordering/contracting authority, on behalf of VA to place BPA Orders, may use this BPA up to the dollar limits of their ordering authority but not to exceed the SAT

**ORDERING INSTRUCTIONS FOR USING THE SAC RESEARCH ANIMAL F&B BPA**

for an individual purchase, unless the use of the procedures in FAR Subpart 13.5 is appropriate.

Orders can be placed orally or in writing. The Government Purchase Card (GPC) may be used for orders \$3,000 and under. For orders above \$3,000, orders shall be placed using eCMS. The Requiring Office will need to provide an Order Request Package to the Contracting Office placing the order. The instructions for the Contracting Office are listed in section 4.4 below.

The Requiring Office is responsible for preparing an Order Request Package (ORP). As a means of assisting the Requiring Office, samples of ORP documents are provided in the VOA CAP Template Library (<https://admin.voa.va.gov/HomeMain.aspx>). Documents include a Product Description, an Independent Government Cost Estimate (IGCE) and a VA Form 90-2237. VA Form 90-2237 represents a VA Purchase Request to identify commitment of funds in an amount equal to the IGCE for the specified period of performance. The funding document number as well as a copy of the 2237 should be included with the ORP. The Requiring Office will need to import the 2237 into ECMS and which will be connected to the award. The contracting office will be responsible for creating the 2138(IFCAP PO) to fund the action. Once the funding is approved in IFCAP the BPA order can be awarded in ECMS.

**4.2 Determine the Zone:**

The BPA includes a price/cost schedule that provides prices per bag for specific locations. Locations are separated into Zones 1-5. The zone selected should be determined based on the location of the facility placing the order. The BPA zones are as follows:

<b>VA Zone #</b>	<b>States/Territories Covered</b>
Zone 1	Des Moines, IA, Iowa City, IA, Chicago, IL, Hines, IL, North Chicago, IL, Ann Arbor, MI, Detroit, MI, Minneapolis, MN, Columbia, MO, Kansas City, MO, St. Louis, MO, Omaha, NE, Cincinnati, OH, Cleveland, OH, Sioux Falls, SD, Madison, WI, Milwaukee, WI
Zone 2	Denver, CO, West Haven, CT, Washington, DC, Bedford, MA, West Roxbury, MA, Baltimore, MD, Durham, NC, East Orange, NJ, Albany, NY, Bronx, NY, Brooklyn, NY, Buffalo, NY, New York, NY, Northport, NY, Syracuse, NY, Coatesville, PA, Philadelphia, PA, Pittsburg, PA, Providence, RI, Richmond, VA, White River Junction, VT, Clarksburg, WV, Huntington, WV
Zone 3	Little Rock, AR, Bay Pines, FL, Gainesville, FL, Miami, FL, Tampa, FL, Augusta, GA, Decatur, GA, Lexington, KY, Louisville, KY, Jackson, MS, Albuquerque, NM, Charleston, SC, Columbia, SC, Memphis, TN, Nashville, TN, Amarillo, TX, Dallas, TX, Houston, TX, San Antonio, TX
Zone 4	Phoenix, AZ, Tucson, AZ, Loma Linda, CA, Long Beach, CA, Los Angeles, CA, Palo Alto, CA, San Diego, CA, San Francisco, CA, Portland, OR, Salt Lake City, UT, Seattle, WA
Zone 5	Boise, ID, Reno, NV, Oklahoma City, OK

**4.3 Budget Your Requirement:**

## ORDERING INSTRUCTIONS FOR USING THE SAC RESEARCH ANIMAL F&B BPA

The price/cost schedule lists the price per bag for each zone. Freight is included in the price for zones 1-4. Freight will be computed separately for facilities located in zone 5.

The SAC is a fee-for-service organization. If your organization has a Service Level Agreement (SLA) with the Office of Acquisition Operations (OAO), the fee will be assessed on a quarterly basis through the Supply Fund office. For Non-Schedule Enterprise-wide blanket purchase agreements, the SAC charges a nominal fee of two percent (2.0%) on obligations for all orders placed against the BPA. It is important to budget for this fee when funding for the order is requested.

### **4.4 Place the Order (eCMS procedures)**

The following are eCMS procedures for placing an order with eCMS.

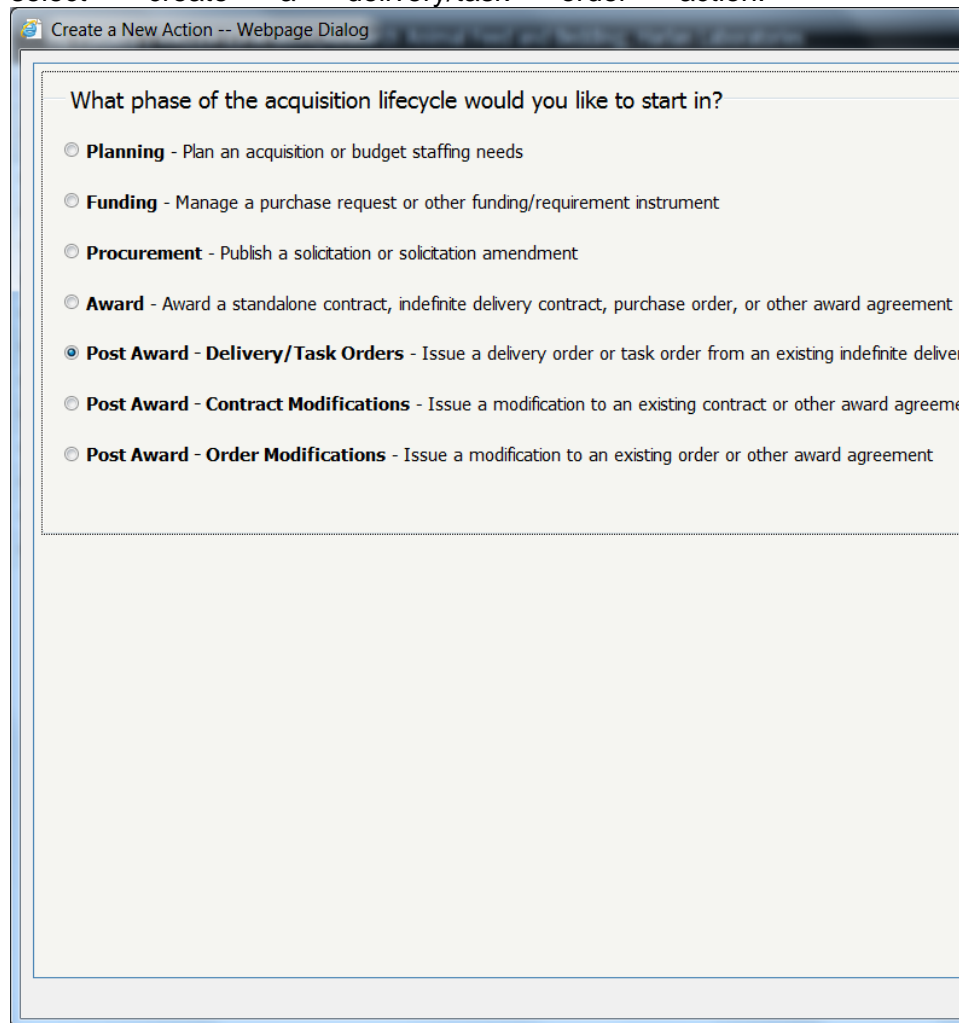

---

#### **Step I**

1. Complete the normal eCMS process for your Purchase request, Solicitation, and any amendments.
- 

1. When it is time for award, click on the Post Award-Delivery/Task Orders action process coach, and then select "create a delivery/task order action."

#### **Step II**

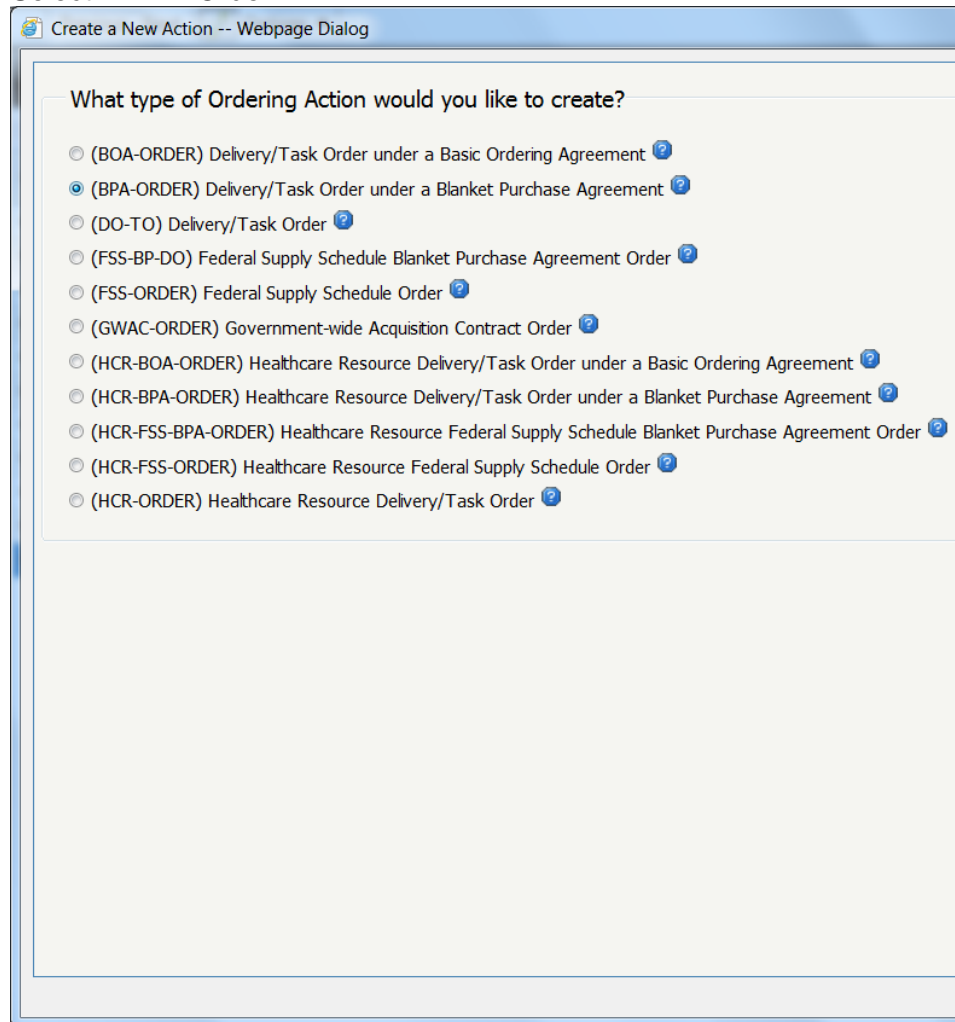

What phase of the acquisition lifecycle would you like to start in?

- Planning** - Plan an acquisition or budget staffing needs
- Funding** - Manage a purchase request or other funding/requirement instrument
- Procurement** - Publish a solicitation or solicitation amendment
- Award** - Award a standalone contract, indefinite delivery contract, purchase order, or other award agreement
- Post Award - Delivery/Task Orders** - Issue a delivery order or task order from an existing indefinite delive
- Post Award - Contract Modifications** - Issue a modification to an existing contract or other award agreeme
- Post Award - Order Modifications** - Issue a modification to an existing order or other award agreement

## ORDERING INSTRUCTIONS FOR USING THE SAC RESEARCH ANIMAL F&B BPA

---

### 1. Select: BPA-Order

What type of Ordering Action would you like to create?

- (BOA-ORDER) Delivery/Task Order under a Basic Ordering Agreement ?
- (BPA-ORDER) Delivery/Task Order under a Blanket Purchase Agreement ?
- (DO-TO) Delivery/Task Order ?
- (FSS-BP-DO) Federal Supply Schedule Blanket Purchase Agreement Order ?
- (FSS-ORDER) Federal Supply Schedule Order ?
- (GWAC-ORDER) Government-wide Acquisition Contract Order ?
- (HCR-BOA-ORDER) Healthcare Resource Delivery/Task Order under a Basic Ordering Agreement ?
- (HCR-BPA-ORDER) Healthcare Resource Delivery/Task Order under a Blanket Purchase Agreement ?
- (HCR-FSS-BPA-ORDER) Healthcare Resource Federal Supply Schedule Blanket Purchase Agreement Order ?
- (HCR-FSS-ORDER) Healthcare Resource Federal Supply Schedule Order ?
- (HCR-ORDER) Healthcare Resource Delivery/Task Order ?

### Step III

### 2. Click .

### Step IV

1. Determine whether to create a new folder or use an existing folder.
  2. Either enter the exact Agreement number or use the "Lookup" feature to locate the BPA. (The BPA for Research Animal Feed and Bedding is VA119-15-A-0035)
  3. **NOTE:** The BPA Number will be in the system if the contract vehicle was previously used in eCMS.
  4. Enter the Order Number based on the 2237 number
-

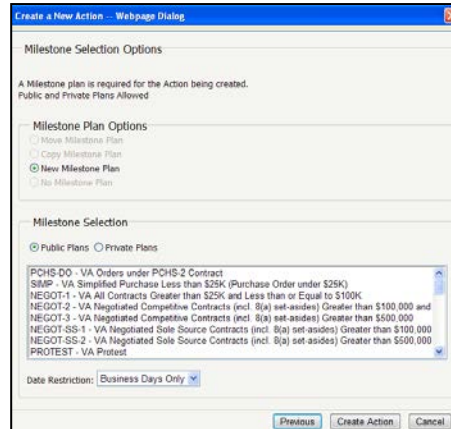

## ORDERING INSTRUCTIONS FOR USING THE SAC RESEARCH ANIMAL F&B BPA

**NOTE: DO NOT USE THE “GENERATE” BUTTON!!!** Using the generate button in eCMS, will not produce the correct order number. You should number your eCMS order using the IFCAP order number, preceded by “VA” for example VA260-A-23000. Since eCMS does not know the IFCAP order number, you will have to manually enter the number as opposed to generating it.

5. Click .

### Step V

1. The  radio button will be selected.
2. Select a Public Plan or Private Plan.
3. Select the appropriate  menu item.
4. Select the appropriate line item(s), if appropriate.
5. Click .
6. Click  to access the new action.

### Step VI

1. The order action is created.
2. If desired, remove the milestone plan from the order action by doing the following:
3. From the  tab of the action, click on .
4. Click  on the Confirmation window, and
5. Click  on the second Confirmation window.

### Step VII

1. Open the order action to the  tab. Update the title, from the copied action, as needed. Add comments if desired.

### Step VIII

1. Navigate to the  tab and complete the data values. The contracting office will need to enter the 2138 number (IFCAP PO) in data value block 116, titled obligation number.

### Step IX

1. Navigate to the  tab and add  items as necessary.

### Step X

1. Navigate to the  tab and add  files as necessary.

## ORDERING INSTRUCTIONS FOR USING THE SAC RESEARCH ANIMAL F&B BPA

- 
2. **NOTE:** You may elect to attach an electronic copy of your IFCAP Purchase Order to the briefcase.
- 

- Step XI**
1. Navigate to the **FPDS** tab and report the order to FPDS.
  2. **NOTE:** For additional assistance with reporting to FPDS, please refer to your ***FPDS Reporting User's Guide***.
- 

- Step XII**
1. Navigate to the **Data Values** tab and award the order in eCMS.
  2. **NOTE:** For additional assistance with awarding, please refer to your ***FPDS Reporting User's Guide***.
- 

*Congratulations!* You have successfully awarded your order in eCMS. The next step is to ensure that your contract file is properly documented.

### **4.5 Document Your File (eCMS)**

***In addition to any and all contract file documentation required at your local office***, you must, at a minimum, include the following documentation in the purchase file (also known as eCMS Briefcase):

1. Identification of the contractor to which the BPA was awarded;
2. Description of the service(s) purchased;
3. Price;
4. Required justification and approval (J&A)
5. Basis for the award decision. This should a price reasonableness determination.

### **4.6 Placing Orders using The Class J&A**

When using the authority to purchase F&B listed in the Cass J&A, ordering offices should follow their current procedures. The need to establish a spate J&A for each order is no longer necessary.

## **5. SAC Fees**

Like GSA, the SAC is a fee-for-service organization. If your organization has a Service Level Agreement (SLA) with the Office of Acquisition Operations (OAO), the fee will be assessed on a quarterly basis through the Supply Fund office. For open market BPAs the SAC charges a fee of four percent (4%) on obligations for all orders placed against these BPAs.

SAC team members will accomplish an eCMS data pull on a monthly basis. This report will reflect all data pertaining to SAC awards (centralized and decentralized). That data is forwarded to Hines Fiscal for the billing and collection of the SAC Fee Portion per the annual SLA. Hines Fiscal will then bill the customer per the associated Program Office Code at the highest level approximately a month in arrears Customers are reminded to reserve the fee amount ahead of time before Hines Fiscal bills, preferably at time of award on a 1358.

### APPENDIX B – RESEARCH ANIMAL BEDDING

Harlan manufactures and distributes all major bedding types used in lab animal research applications, and they also use many of these same products in-house in their own animal breeding production. The general list of materials Harlan sells include:

- WOOD: hardwood chips, shredded aspen, pine shavings & pelleted aspen
- CORN COBS: 1/4" & 1/8" grades, in all packaging types
- PAPER: reclaimed soft pulp, pelleted paper, diced white alpha-cellulose
- PAPER, NON-CONTACT: dimpled white cardboard & poly lined tissue cage liners
- ENRICHMENT: Nesting and environmental enrichment materials (mainly paper)

All bedding products are available standard, certified, and irradiated. Bedding products are not specific to species. Specific products include the following.

Bedding Product	Manufacturer	Type		
		Paper	Wood	Cob
6060 iso-BLOX Enrichment Material, 4800 squares per case	<i>Harlan Diamond Star</i>	X		
6960 Irradiated iso-BLOX Enrichment Squares, 4800 per case	<i>Harlan Diamond Star</i>	X		
6105 iso-PADS Enrichment Bedding, 6" x 10", 500 per case	<i>Harlan Diamond Star</i>	X		
6900 iso-PADS Enrichment Bedding, 6" x 10", 500 per case	<i>Harlan Diamond Star</i>	X		
7070C Certified Diamond Dry Cellulose Bedding, 20 Lbs.	<i>Harlan Diamond Star</i>	X
