

Submission Tags

Tags for: TVMS Institutional Review Board

IRBNet Tags can help you organize your submissions, track tasks and status, and share important information with other Committee Members and Administrators. When you tag a submission the Tag can be seen by other Committee Members and Administrators. For example, you may want to create a Tag for common situations such as "Signature Missing" or "Training Required" so that you can easily track your submissions with useful information.

Create New Tag

Please enter the name of your new tag:

Light Green
