Clinical Research

Infrastructure at VAAHS:

VA researchers are increasingly collaborating with industry and other entities to bring mission- relevant clinical trials and clinical research to our Veterans. Come learn about what other VA's are doing, and how VAAHS is positioning itself to take advantage of the opportunities and enhancing our ability to efficiently conduct clinical research. **Monday, May 15, 1pm
A818 (1.5 hours)**

VA RESEARCH WEEK MAY 15-19, 2017

TED Thoughts: Take a break and join us for a research-related TED talk viewing and moderated discussion with VA Clinician Researcher Jeff Curtis, MD. **Wed., May 17, 2-3pm** G19 Conference Room

Research Week at CCMR!

The Research Service will give a presentation on Tues., May 16, 1-2pm in the South Atrium at NCRC with a brief service update and AAROW End User Demo.

AAROW - We will be having **End User Demos and User Labs** through-out Research Week (and beyond) to support your efforts to learn how to input protocols and interact with the regulatory committees using AAROW. Schedule is published on our website at
