These resources highlight VA research innovations and discoveries that are advancing health care for Veterans, and ultimately all Americans; programs that help make VA research a leader in the conduct of research; and Veterans' information on participating in research and the safeguards that keep research participants' safety and confidentiality as the highest priority. The material is intended for use by all VA personnel, Veterans, Veteran advocates, and all others that share our commitment to improving Veterans' lives. Specifically, the resources include informative brochures, a VA research highlight video, folder, and lapel pin. If you require more than 100 brochures or products of any one kind, please send that request to the following email address and someone will be in touch with you- **research.publications@va.gov**
