Program for Collection of Biospecimens in CSRD Clinical Trials

CSRD BIOSPECIMEN INTAKE DOCUMENT

PRINCIPAL INVESTIGATOR INFORMATION	
Principal Investigator Name:	
VA station:	
PI Phone:	Alt. Phone:
PI VA E-mail:	Alt. E-mail:

STUDY INFORMATION

Study title:

Projected Start Date of collection:

Projected End Date of collection:

Would you like the Biorepository
to process the samples?

Is DNA extraction required?

Number of study sites:

Number of participants providing
biospecimens:

Number of time-points for
biospecimen collection

Total anticipated number of
biospecimens

SAMPLE TYPES TO BE COLLECTED

Attachment 1

Sample Type Collected	Number of Tubes collected/study visit	Volume per Tube collected/study visit	Volume of aliquots	Number of aliquots
EDTA-Plasma				
Citrate-Plasma				
Heparin-Plasma				
Serum				
SST Tube				
Buffy coat				
PBMC				
CPT tube				
Urine				
CSF				
Saliva				
Tissue				
Other*				

*Please describe:
